Taking Care

April 1, 2008

Re: Introducing New CCSI Website

Dear Colleagues, Partners and Friends,

The Caribbean Child Support Initiative (CCSI) embarked on a second phase of programming and in so doing, has strengthened its focus on documentation and communication. In particular, we have sought to improve on our documentation and information sharing and dissemination through the World Wide Web.

We are therefore pleased to announce the completion of the first phase of the new CCSI website! The new URL for the site is www.ccsi-info.org. However, please note that our email address remains the same info@csinews.org.

We invite you to visit our website which will provide you with some insight into the CCSI work programme (Phases 1 and 2) and the outputs and outcomes of our various partnerships across the region.

Please feel free to give us some feedback on the new site and share any information you think could further strengthen our efforts to increase the level of knowledge (and accessibility to new and existing knowledge) particularly in relation to child and family support methodologies and practices, research findings and policy advocacy initiatives.

Thanking you for your continued support and cooperation.

Yours Sincerely

Susan Branker-Lashley
Programme Director
Caribbean Child Support Initiative (CCSI)
